

ENGINEERING FAIR

Where: SAP America
3999 West Chester Pike
Newtown Square, PA 19073

When: October 13, 2018
8:45 am to 12 pm

*Exhibitor Check-In from
8:00 - 8:30 am*

The Future City Philadelphia Regional Steering Committee is hosting an Engineering Fair to introduce students to the Future City Competition & to help educators get started.

*Help Future City Philadelphia
inspire students to design!*

"We were able to let our creativity come out and work together building the city."

~ Future City Student

We are looking for engineering firms, technical societies and universities to be exhibitors!

Come join us to provide a fun filled morning of hands-on activities, games, and demonstrations that will inform and inspire students about engineering!

To register, go to futurecityphilly.org and select the Engineering Fair link.

Register by Monday, October 1.
There is no charge to be an exhibitor.

For more information, contact Susan Best at susanbest54@gmail.com

Future City® Competition is a hands-on, real-world experience for 6th, 7th, and 8th graders to learn how engineers shape the world we live in today & tomorrow.

Students work as a team with an educator and engineer mentor to:

- Design cities using SimCity™ software;
- Research and write solutions to an engineering problem;
- Build tabletop scale models with recycled materials;
- Present their ideas before judges at the Regional Competition in January.
